UNION AVERAGES.

RETURN to an Order of the Honourable The House of Commons,
dated 30 June 1854;—for,

RETURNS “of the AVERAGES originally Struck for every UNION in
England and Wales, specifying the SUMS Charged for each Parish, and
the DATE of the ORDER :”

“And, of the AVERAGES last Struck for every UNION, specifying also the
SUMS Charged for each Parish, and the DATE of the ORDER to the
latest Period to which it can be made up.”

(*Mr. Barrow.*)

Ordered, by The House of Commons, to be Printed,
11 August 1854.

CONTENTS.

THE Return contains the following particulars :

1. The names of all the unions in England and Wales, formed under the Poor Law Amendment Act of 1834 (4 & 5 Will. 4, c. 76), arranged in alphabetical order.
2. The names of all the single parishes governed by Boards of Guardians under the Poor Law Amendment Act.
3. The date of the order of the Poor Law Commissioners, or the Poor Law Board, under which each union was formed or "declared."
4. The names of all the parishes, or other places separately maintaining their own poor, comprised in each union; the designation of each place, viz., whether a parish, a township, a hamlet, a chapelry, or other division.
5. The population of each parish, or other place, according to the census of 1851.
6. The date of the first and the last orders issued by the Poor Law Commissioners, or the Poor Law Board, in the case of each union, for declaring the average annual expense incurred by each parish or place in the union, for the relief of the poor, for the three years preceding the issue of the order; together with the amount of such average annual expense in the case of each parish. The Return does not include any orders issued since the 31st December 1855.
7. The names of all the incorporations governed under Local Acts, and of the parishes comprised therein; the names of all the single parishes governed under Local Acts; the names of all the unions acting under Gilbert's Act (22 Geo. 3, c. 83), and of the parishes comprised therein; and also the names of the single parishes acting under the same Act. These incorporations, single parishes, and Gilbert's Unions, are placed in alphabetical order, among the unions formed under the Poor Law Amendment Act; and are distinguished in each case by a reference to the particular Act or Acts under which the place is governed.
8. The names of all the single parishes or places acting under the 43 Eliz. c. 2. *See* pages 373 to 375.
9. The name of the post town of each parish or place. The names of the post towns were obtained from returns made to the Poor Law Board by overseers and the clerks of Boards of Guardians; and those names were afterwards compared with the Postmaster-general's "List of Post Towns, Sub-offices, and Town Receiving Offices in the United Kingdom, corrected to 5th April 1855."
10. The name of the petty sessional division in which each parish or place is situate. These names were obtained from returns made to the Poor Law Board by the clerks to the Boards of Guardians.
11. The name of the hundred, or other similar county division, in which each parish or place is situate. These names were obtained from the census of 1851.
12. The foot notes show how places which separately maintain their own poor are composed; viz., whether such places are themselves parts of larger divisions, or comprise one or more smaller divisions; for instance, *see* page 3, as to the parish of Cumnor in the Abingdon union, note (c): "The parish of Cumnor includes the township of Cumnor, and the tythings of Bradley, Chawley, Chilswell, Henwood, Hill End, Stroud, Swinford, Whitley, and part of Botley, the remainder of which is in the parish of North Hinksey." As to the hamlet of Draycott Moor, *see* note (d): "Charney, Longworth (Farringdon Union); and Draycott Moor, constitute the parish of Longworth." As to the township of Frilford, *see* note (e): "Frilford, Garford, and Marcham (which includes the hamlet of Cothill), constitute the parish of Marcham." As to the parish of Fyfield, *see* note (f): "The parish of Fyfield includes the hamlets of Netherton and Wick." As to the chapelry of Lyford, *see* note (g): "East Hanney, West Hanney (Wantage Union); and Lyford, constitute the parish of West Hanney."

According

According to this return, there are in England and Wales—

14,603 parishes or places separately maintaining their own poor, and containing, with the extra-parochial places which levy no poor-rate, a population, according to the census of 1851, of 17,924,782.*

586 unions formed under the Poor Law Amendment Act; which unions comprise 13,961 parishes or places, and contain a population of 14,536,490, inclusive of the population (21,733) of extra-parochial places locally situate within such unions.

20 single parishes governed by Boards of Guardians under the Poor Law Amendment Act, and containing a population of 1,051,272.

21 incorporations formed under Local Acts; which incorporations comprise 320 parishes, and contain a population of 603,549, inclusive of the population (1,578) of extra-parochial places locally situate within such incorporations.

15 single parishes governed under Local Acts, and containing a population of 1,478,282.

12 unions formed under Gilbert's Act; which unions comprise 200 parishes or places, and contain a population of 153,864.

2 single parishes governed under Gilbert's Act, and containing a population of 19,656.

85 parishes or places governed under the 43 Eliz. c. 2, and containing a population of 81,669.

* The difference between this total (17,924,782) and the total population of England and Wales, as given in the census (17,927,609), arises from the population of the Scilly Islands (2,627) being included in the latter, and also from a discrepancy of (200) in the county totals, and the sum of the divisional sections in the census returns, the county totals being that number in excess.

THE Abbreviations used in this Return have the following Significations:
